Aaron Tulloch

Portfolio Website | **Github** | **LinkedIn**

United States, GA

Skills

Programming:	Java | Python | Swift | SwiftUI | JavaScript
Database & Design:	MySQL | MS Access | Figma | HTML | CSS | Adobe Creative Suite
Other:	Git | MS Excel
Language:	English

Education

Bachelor of Science and Technology, Georgia Gwinnett College, Junior

Relevant Courses: Intermediate Programming, Database, Discrete Math,
Web Development, Professional Practice & Ethics, Comp Graphics & Multimedia

Projects & Experience

Preference Wear IOS App
-SwiftUI | FireBase | Figma

Challenged myself to build an IOS app with SwiftUI.
From Animation, to responsive layouts. Included **Firebase Auth** for the user login and registration. Designed and prototyped with **Figma** to better conceptualize my ideas.(in development)

Project Portfolio Website
-HTML | CSS |

Developed to display my relevant course and personal projects.
Utilized **HTML**, **CSS**. Used **Git** & **GitHub** to make changes and updates design.
Hosting with **AWS**
